## **POLICY**

1. Upon the issuance of an active practice license, dietitians are notified of their CCP submission deadline. The submission deadline is the license renewal deadline. Upon registration, dietitians are advised to set two learning goals, and begin documenting learning activities and learning outcomes related to goals and other areas of practice.
2. Candidate dietitians who pass the Canadian Dietetic Registration Exam (CDRE) in May are required to submit their first CCP by the next renewal deadline.
3. Candidate dietitians who pass the CDRE in November are required to submit their first CCP learning log by the subsequent renewal deadline.
4. Dietitians who come to Nova Scotia under labour mobility from another province are required to submit their first CCP by the next renewal deadline.
5. When dietitians return to active practice, they are due to complete the CCP (including learning log and jurisprudence quiz) at the next renewal deadline.
6. The CCP resources are posted on the NSCDN website under Dietitians/Competency Program.
7. If a dietitian fails to submit the required components of the CCP by the renewal deadline, the procedure shall be followed for a late renewal.

**PROCEDURE**

<b>Action</b>	<b>Responsibility</b>
<p><b>Issuance of Submission Deadline</b>            Upon issuance of an active practice license, a notice will be emailed indicating that the required components of the CCP are to be submitted in entirety by the license renewal deadline.</p>	<p>Registration Coordinator</p>
<p>For renewal, the Annual Renewal Instructions will be emailed and posted on the NSCDN website three months in advance of the renewal deadline indicating that the required components of the CCP are to be submitted in entirety by the renewal deadline.</p>	<p>Registration Coordinator</p>
<p><b>Receipt of CCP Submission</b>  <b><i>Complete CCP Submissions:</i></b>            All CCP submissions will be screened for completeness prior to the issuance of the license renewal. Completeness is screened by reviewing that the jurisprudence quiz has been successfully completed and that the learning log contains two learning goals and at least one learning activity related to each goal. As renewals are processed, the online renewal system notifies dietitians of whether their renewal has successfully been processed or whether it is incomplete.  <b><i>Incomplete/Late Submissions:</i></b>            The dietitian will be notified about what was missing from their CCP submission and that their registration will not be renewed until their submission is complete.</p>	<p>Registration Coordinator</p>

## **POLICY**

Fifteen percent of dietitians' CCP learning log submissions are audited annually through random selection and based on screening for satisfactory completion.

Auditors are NSCDN dietitians who volunteer to audit. For consistency and correctness, all auditors are trained on how to complete the audit. Returning auditors (who have not audited for two years) are required to upgrade or engage in training again. Two trained auditors review each submission that is labelled unsatisfactory to prevent discrepancies/inconsistencies in the auditing process.

Every effort will be made to keep submissions confidential and anonymous to auditors. If the auditor suspects they know the dietitian (e.g. auditor recognizes the information contained in the submission and is in close working or personal relationship with dietitian), they must declare to reduce bias in the audit process. The submission may be assigned to a different auditor.

Feedback will be sent to all dietitians who have had their CCP learning log audited.

If a dietitian's submission is unsatisfactory, NSCDN will audit the dietitian's submission the subsequent year. The dietitian is not considered in good standing while the most recent learning log is unsatisfactory. If a dietitian moves to the non-active roster prior to submitting a subsequent learning log, their standing will indicate such. Upon notification of audit results, support will be offered to the dietitian to facilitate understanding of the expectations of the CCP. A license will not be renewed if the subsequent submission is unsatisfactory.

**INTRODUCTION**

The jurisprudence quiz is a mandatory component of the Continuing Competency Program (CCP). The quiz supports dietitians to maintain a current understanding of the regulatory, provincial and federal requirements related to dietetic practice in Canada. The quiz provides dietitians with information related to legislation, standards and guidelines that govern dietitians’ conduct, in particular the Dietitians Act, provincial legislation, standards of practice, and code of ethics. It is an open-book quiz.

**POLICY**

Successful completion of the CCP jurisprudence quiz is a score of 80%. Dietitians will have unlimited attempts to score 80% on the online quiz.

Dietitians will complete the quiz by the annual renewal deadline. If an active practice license is issued less than four months prior to the renewal deadline, the deadline shall be the subsequent year.

A license will not be renewed until the jurisprudence quiz is successfully completed. If the quiz is completed after the deadline, a late fee will apply.

## **POLICY**

If a dietitian is unable to complete their Continuing Competency Program (CCP) submission (including the learning log and jurisprudence quiz) by the renewal deadline due to personal or family illness, the dietitian must request an extension in writing with supporting evidence/documentation from a regulated health professional by the renewal deadline. The dietitian's license will be renewed, and an extension will be granted upon approval by the Registrar or Registration Committee.

If the extension is not approved, the complete CCP must be submitted by February 28.

If the extension is granted, a complete CCP submission is required by August 31. If the dietitian is unable to meet this deadline, a written request for an extension with supporting evidence/documentation must be sent to the Registrar by August 31. If the extension is not approved, the member must submit their complete CCP by a deadline determined by the Registration Committee.
